

# activate windows 10 over the phone

In 2026, Microsoft has officially **Toll Free : +1 (877)-514-1396** 🍁° retired the traditional offline phone-based activation system for Windows 10. As of **December 3, 2025**, calling legacy activation numbers typically triggers a recording redirecting users to the Microsoft Support Product Activation Portal.

## How to Activate Windows 10 (2026 Process)

To activate without a direct internet **Toll Free : +1 (877)-514-1396** 🍁° connection on your PC, you must now use a secondary device (like a smartphone) to bridge the process via Microsoft's online portal.

### 1. Generate your Installation ID on the PC:

- Press the **Windows logo key + R**, type `slui 4` in the Open box, and select **OK**.
- Select your country or region from the dropdown list and click **Next**.
- Your screen will display a 63-digit **Installation ID** and a phone number.

### 2. Access the Online Activation Portal:

- Instead of calling, visit the Microsoft Support Product Activation Portal ([aka.ms/aoh](https://aka.ms/aoh)) on a device with internet access.
- You must sign in with a **Personal Microsoft Account (MSA)**, work/school account, or Entra ID to use the portal.

### 3. Enter the ID and Activate:

- Input the **Installation ID** from your **Toll Free : +1 (877)-514-1396** 🍁° Windows 10 PC into the portal.
- The portal will generate a **Confirmation ID**.
- Enter this Confirmation ID into the empty blocks on your PC's activation screen and select **Activate Windows**.
